Molenaar Edition

Jef Penders Ska-ing Jamaica ska-reggae for band

Molenaar's muziek

WORMERVEER HOLLAND

Notice

- The CABAZA should be played as follows:
Hold the instrument by the stem in the L-hand
 Two strikes with the fingertips of the R-hand onto the loose net of beads, so they make a short, piercing sound on the calabash
 Stroke with the palm of your R-hand the net of beads over the head of the calabash: ↓ to and ↑ fro.
- If the Guitar-part is occupied by a player who is able to improvise, he may do so from ① to ②, starting the first bar of ① within the Ab chord, and ending up at the first bar of ② within the Db chord. Inbetween the solo is free of any chord-schedule
- The Tenor-Sax solo (F-H), can as well be played by an Alto- or a Barytone-Sax, or even by the entire saxophone choir. An other interesting possibility is, to divide the chorus into two parts: F-G and G-H, each part played by a different player
This dividing into parts can also be practiced by two soloists doing the trumpet-solo (Coda).
