NOTES TO THE CONDUCTOR

As the title suggests, young musicians are about to embark on a new journey that will lead them to new adventures and a life-long musical experience. Although there is a modal character this work, its effects are exciting and vibrant. It almost has a melodic flavor of land far away. Overall this composition walks a fine line between program music and light rock style that is pleasing to both students and audiences alike.

Please note: Our band and orchestra music is now being collated by an automatic high-speed system. The enclosed parts are now sorted by page count, rather than score order. We hope this will not present any difficulty for you in distributing the parts. Thank you for your understanding.
